SEMI-FOLD® FOLDING ONE PIECE BOX SPRING

Patent pending design allows box spring to fold for easy mobility and UPS ship-ability. No tools needed.

- The unique grid/leg assembly is very efficient, firm, durable and noiseless.
- Reinforced grid adds surface coverage and enhances stability.
- Heavy duty 6 ga. border rod is welded and wrapped to the grid for maximum edge firmness and no side sway.
- The Semi-Fold design allows better tailoring at the corners adding to the eye appeal of the entire unit.
- Semi-Fold saves dramatically on warehouse space and allows for easy transportation by the consumer. Easier to move up and down stairs or around tight corners.
- Passes all durability tests including Cornell, Rollator and Impact.
- We supply and control the high quality of our wire product from our own wire mills.
- Coast to coast distribution.
- Representatives servicing your area.

Opens flat for sturdy box spring use.

Folds easily - even upholstered.

Flattens to ship.
