

## WEBLOK<sup>90</sup><sup>®</sup>

WEBLOK 90™... is the essence of ingenious simplicity, engineered to allow the use of a full range of coil counts with only one style grid. The WEBLOK™ Boxspring System is a master blend of extra firm Integra Lok perimeter modules and supportive Web Lok coils through the center. Web Lok coils and Integra Modules are notched at the top for fast, sturdy assembly without clips to the one piece welded grid top. Available in all coil configurations or as shown with Integra Lok modules for support/posturizing zones.

- Available in 8.75, 9.5, 10 and 10.5 gauges
- High quality notched grid-tops
- Border frame for added support
- Single cone type coils
- Notched coil tops
- Available in all popular sizes
- Fast, economical assembly

WebLok Coil

- Coast to coast distribution.
  - Representatives servicing your area.
- International sizes available upon request.
