

## POWER EDGE® BONNELL INNERSPRING

POWER EDGE®... The most popular innerspring ever..now with engineered Power Edge support! Leggett & Platt, maker of the finest Bonnell units available, presents the Power Edge innerspring, produced exclusively on advanced technology, computer controlled equipment developed by Leggett & Platt. This high speed machinery automatically forms geometrically firmer coils that are automatically placed around the perimeter of the unit, to increase edge support by 20%. Power Edge units are stress relieved, efficiently packaged and shipped nationwide.

- The Power Edge innerspring perimeter is 20% firmer than traditional Bonnell spring units.
- Clipped Borders add to the firm edge support.
- Power Edge coils are produced from special wire drawn to exacting standards by Leggett & Platt for greater coil uniformity.
- We supply and control the high quality of our wire product from our own wire mills.
- Coast to coast distribution.
- Representatives servicing your area.

**Leggett & Platt is ISO 9000 Compliant and LP 9000 Certified.**

The **Active Support Technology™** of innersprings allow your muscles to relax in a more natural sleep position. The **coils adjust instantly** to your sleep movements, **comforting and supporting** your body actively as you dream on.
